APPLICATION FOR PROPERTY CHANGES

This form is to be used by property owners within Section 15 Burnt Store Isles (BSI) who are contemplating a change in the exterior appearance of his/her property or a change in land use. BSI deed restrictions maintain that all proposed new construction, or alterations or modifications to existing structures require approval of the Board of Directors.

This application is intended for projects including, but not limited to, landscaping, house color, construction, fencing/walls, seawalls and roofing. Within 45 days of commencing planned work, please complete the following information and submit with appropriate documentation to the above address. It should be noted that a permit issued by the city of Punta Gorda does not supplant or supersede BSI deed restrictions or the decision of the Board. To promote community harmony, it is suggested that all planned changes also be shared with neighbors.
